<sup>1</sup>Includes Private Health Insurance (Employer Sponsored Insurance and other private insurance, which includes Marketplace plans), Medicare, Medicaid, Children's Health Insurance Program (Titles XIX and

XXI), Department of Defense and Department of Veterans' Affairs.

<sup>2</sup>Children's Health Insurance Program (Titles XIX and XXI), Department of Defense, and Department of Veterans' Affairs.

<sup>3</sup>Includes worksite health care, other private revenues, Indian Health Service, workers' compensation, general assistance, maternal and child health, vocational rehabilitation, other federal programs,

Substance Abuse and Mental Health Services Administration, other state and local programs, and school health.

<sup>4</sup>Calculation of per capita estimates is not applicable.

NOTE: Per capita amounts based on estimates that reflect the U.S. Bureau of Census definition for resident-based population (which includes all persons who usually reside in one of the fifty states or the District of Columbia, but excludes (i) residents living in Puerto Rico and areas under U.S. sovereignty, and (ii) U.S. Armed Forces overseas and U.S. citizens whose usual place of residence is outside of the United States) plus a small (typically less than 0.2% of population) adjustment to reflect Census undercounts. Projected estimates reflect the area population growth assumptions found in the Medicare Trustees Report. Numbers and percents may not add to totals because of rounding.
